ENGINEERING DESIGN AND INNOVATION 2 (EDAI2) PROJECT (ES1026) IMPORTANT INSTRUCTIONS _2022-23 SEM-2

Dear students,

- 1) All EDAI1 Project groups of students will be retained strictly as it is for the subject EDAI2 Project (ES1026) of SEM 2 for the A.Y. 2022-23.
- 2) However, within a EDAI2 Project Group of students Group Leader or Assistant Group Leader can be changed. Update about this change if any to your EDAI2 Project Guide.
- 3) As you are already known, the terms Domain, Tools and Technology while doing EDAI1 Project now in same line you can start identifying a **new project topic** for EDAI2 Project which is socially relevant. Finalize Domain Area, Technology and Tools to be used for the EDAI2 Project
- 4) Discuss and finalize the EDAI2 project topic in consultation with your EDAI2 Project Guide by Saturday, 18/03/2023. As you know your EDAI2 Batch Guide given in TT, you can meet him/ her in person along with your group members at his/her cabin to discuss the topic right from Monday,13/03/2023.
- 5) Also prepare Synopsis of EDAI2 Project, get it checked, approved from your EDAI2 Project Guide and keep it ready in Word as well as PDF format by Saturday 18/03/2023.
- 6) Very soon a notice for online EDAI2 Project registration & Synopsis Submission along with appropriate instruction and google form link will be shared. So be ready at the earliest

All the Best ..

Dr. S. S. Sawant
FY EDAI1 & 2 Project Coordinator
Asst. Head, R&D, DESH

Dr. C. M. Mahajan
Head, DESH
